

2027 State Aid Template Boot Camp

What to Bring: Source Data & Technology

Student Counts

Check the Data Entry tab of your template for a list of the student counts you will need. The source data will be reports from your district's student information system for each completed six-weeks period of 2025-26. The name/number of the six-weeks' reports that contain student counts will vary depending on your district's software vendor. Some commonly used student information system reports are also listed below:

- Ascender Software – SAT0920 and SAT2100
- Skyward Software Packages – Superintendent's Report Tables I-IV and ADA & FTEs Report
- Other SIS Packages: Attendance Reports
- PEIMS Reports for New Six-Weeks' Reporting for the 1st – 5th Six weeks
PDM5-130-008, PDM5-130-001, PDM5-130-004, PDM5-231-002
and if the district has Flex Attendance also
PDM5-130-014, PDM5-130-011, PDM5-130-015
- PEIMS Summer Submission Reports: PDM3-130-008, PDM3-130-005, PDM3-130-001 and corresponding Flex Attendance Reports.

Tip: We will be working with district total counts, rather than campus-by-campus counts in this workshop. So, you will want to check that the source data that you bring/download for this workshop are district total counts.
